Since 1990, family owned and operated by the Miles family; Creative Jewellers has been providing quality jewellery design, manufacture, sales, service and repairs in-house for Territorians and visitors. 'We're the exclusive stockists of the brilliant pink Argyle diamonds, as well as our own handpicked range of coloured and white diamonds, available either loose or in ready-made pieces,' said Simon Miles. 'We also specialise in Australian pearls and are the Territory stockist of Kailis Australian Pearls, plus our own handpicked range of loose and ready-made jewellery.' Complementing their exquisite collection of diamonds and pearls, they also stock opal, amber, semi-precious and gold and silver jewellery at their shop on the corner of Smith Street Mall and Star Village in the city and their new store in Coolalinga. Also look over the fantastic array of colours of the Mariana Spirit of Design collection set in traditional and modern designs, available
