

Linen Grey
600mm X 600mm

Concrete Grey
600mm x 600mm

Carpet Concrete
600mm X 300mm

These two stunning bathrooms, designed by Invision NT using innovative tiles from Northern Tile Gallery, have set new grounds for a contemporary finish.

When Tom and Kathy Ganley renovated their upstairs and downstairs bathrooms, they went to Northern Tile Gallery. 'When it came to choosing the tiles Northern Tile Gallery were amazing,' said Kathy. 'Their premium quality range and helpful and professional staff meant everything was available from the one place. 'When making all the colour selections and tile choices, the stunning 300x600 carpet concrete tile was the perfect feature to complete Kathy and Tom's stunning bathrooms. The floor is a 600 x 600 soft Linen Grey and a 600 x 600 contemporary Concrete Black finishes the remaining walls. The subdued finish oozes sexy elegance. 'Brad Claydon from Invision NT was our builder and project coordinator. They partner with an exceptional team of small businesses and contractors,' added Kathy. The highly motivated and skilled staff at Northern Tile Gallery look forward to working with you on your next project. Northern Tile Gallery has the latest styles, colours and an extensive range of floor, wall and feature tiles suitable for indoor and outdoor areas around your home, shop, business, or to make that renovation shine.
