Whoever said life begins at 40 must have been talking about our own Airnorth. Since celebrating this milestone in July 2018, they haven't stopped improving what they are already renowned for — welcoming, warm, friendly and professional service, good food and a vast range of destinations.

'With the introduction of our new twice weekly (Wednesdays and Sundays) seasonal Darwin to Gold Coast service in April, we now service 21 destinations throughout Australia and overseas,' said Teyghan Stadelbauer, Airnorth's Marketing and Communications Manager. 'Due to high demand our seasonal flights from Darwin to Perth also resumed in May and will continue to late October. These flights are perfect for Perth locals to experience the Kimberley and Top End of Australia, in all its majestic beauty throughout the dry season. Additionally, Darwin and Kununurra travellers can access Western Australia's bustling capital city and take advantage of exciting sporting events, blockbuster live shows and enjoy a shopping spree.' It's been a massive year for Airnorth with new catering rolled out, an exclusive audio by Ray Martin welcoming customers aboard, and the deployment of their stunning new world-class uniforms. Designed by professional Territory locals and manufactured in Australia the signature blue and silver indigenous inspired print uniforms also convey Airnorth's connection to the destinations they operate to. 'The new onboard menu has already been well received by customers,' Teyghan said. 'There's now a range of delicious spinach and egg quiches, Jamaican chicken wraps, fresh summer salads that can be paired with a crisp Sav Blanc or robust Shiraz.'

**Airnorth is proudly servicing all Territorians.** For more information, or to book, head to [www.airnorth.com.au](http://www.airnorth.com.au), call 1800 627 474 or contact your local travel agent. @AirnorthAU #AirnorthAU
