\$9,499 Certificated diamond.

18ct Pink gold ring
\$ 8,499 F/V/S2
Certificated diamond.

Beautiful
engagement rings
made for you.

Since 1990, family owned and operated Creative Jewellers has been designing, creating and manufacturing customised jewellery pieces for Territorians.

The Miles family, Stephen, Jane, James and Simon along with their supportive team, Mary, Jarmo and Rhianon offer all services in-house from quality jewellery design, manufacturing, sales, service and jewellery repairs. Creative Jewellers has a store in Smith Street Mall, and another at Stavries Complex Coolalinga. Stephen and Jane cover all your needs at Coolalinga, while sons James and Simon, Jarmo, Rhianon and Mary work in the city. 'Both stores do manufacturing and repairs in-house,' adds Jane. 'We are the Territory's number one gold and silver jewellery repairers, from replacement clasp and fittings, setting restorations, band reconditioning, chain repairs, ring resizing and more.'

Stephen, James, Simon, Jarmo and apprentice Rhianon have over 100 years of combined design and manufacturing experience. They have the specialised traditional knowledge to create magnificent jewellery pieces, along with a computer design facility (CAD) to create even more intricate and creative pieces.

'While CAD jewellery design is the latest trend and more efficient, especially for many of the new designs which would be extremely difficult by hand, our jewellers, even our apprentice, are traditionally trained in handmade design and manufacturing,' continues Jane. 'Having traditionally qualified jewellers in both stores almost means our repair work is all done in-house.'

Whether you need an individual piece of jewellery designed and manufactured, or your favourite piece repaired, checked, cleaned and polished, or you're shopping for a unique gift for yourself or someone, Creative Jewellers expert staff can assist you in your choice.

Creative Jewellers 1/32 Smith St, Darwin City NT and Shop 11, Stavries Complex 465 Stuart Highway, Coolalinga NT. T: 8941 1233 E: sales@creativejewellers.com

COMPUTERS ARE USED TO CREATE THE MOST INTRICATE DESIGNS.
