

On a hot Territory day there is nothing better than cooling off in a refreshing pool, especially your own. Darwin Concrete Pools can help you make this a reality.

RESIDENT POOLS

# TROPICAL POOLS FOR OUR TERRITORY LIFESTYLE

Stunning geometric pool built by Darwin Concrete Pools. Tiles by Cerbis Ceramics.

A pool is part of the Territory lifestyle, but which kind of pool should you get? Maybe you've already got a pool but it's a 25-year-old relic of times gone by? What colour should it be? How big should you go? How deep? Saltwater, chlorine or mineral? The answer to all this and more can be found at Darwin Concrete Pools, Darwin's premier concrete pool specialists. Peter Fulton and his team have been building beautiful concrete pools for more than 20 years, and their experience means they have the answer to all your pool questions.

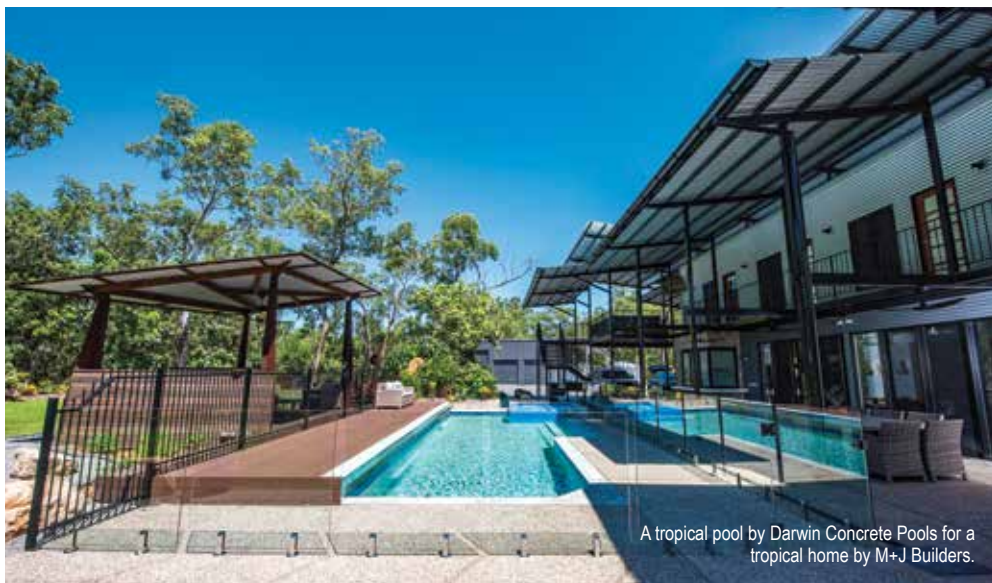

'Concrete pools are the best. They allow for greater flexibility – we can build to your specifications – and they look simply amazing,' Peter said.

'When you combine the durability and versatility of a concrete pool with our skills, attention to detail and experience, magic happens.' At Darwin Concrete Pools you receive a fully personalised service – as personalised as the pool you end up with. 'We can tailor-make a design for your space, your needs and your budget,' Peter said. 'And we deliver a quality, custom-designed pool on time.' Locally owned and operated, Darwin Concrete Pools has a reputation for honesty, quality, integrity and excellence throughout every stage of the construction process. The team also repairs and refurbishes pools.

'We can build you a new pool from scratch, we can replace an old, worn-out pool with a stunning modern replacement or we can repair and renovate an old concrete pool,' Peter said.
