

RESIDENT KITCHENS

ELEGANT WOODGRAIN

PHOTOGRAPHY MARK AND TIM WORDS NANNETTE HOLLIDAY

The kitchen is the beating heart of every home. A place where you gather with family and friends to nourish your body, mind and soul. 4Kitchens are the best in the business for delivering kitchens that balance designer looks and functionality without the price tag.

The owners of this beautiful kitchen wanted it to be a feature of their open plan living area as you see it as soon as you walk in the front door. 'It was important to make a statement with the splashback, stone benchtop and laminate we used. Bringing in a few different colours and textures achieved just what we wanted. We had to use this space carefully and not oversize the kitchen due to the open plan area not being huge. It works perfectly with creating the more open look when the sliding doors open to the balcony.' '4Kitchens were great at listening to exactly what we wanted. Mario was great to deal with and met our requests promptly. We're very happy with our finished product.' Let 4Kitchens create your dream kitchen. Visit the 4Kitchens showroom, located within Cerbis Ceramics.

Open Monday to Friday: 8am - 5pm, Saturday: 8am - 1pm.
39 Winnellie Road, Winnellie.
