

EXCEPTIONAL NURSING CARE AT HOME

The Golden Glow nursing team.

The ageing process can be daunting. But there's nothing more comforting than finding the right care for yourself or a loved one so they can stay in the comfort of their own home as they age. Northern Territory-based Golden Glow Nursing allows just this.

The Golden Glow mobile nursing service.

Home nursing for personalised care.

Their compassionate, fully-qualified staff tailor health and home care services to ensure clients receive the highest quality nursing care and specific home support required, allowing people to maintain a safe, healthy lifestyle in the privacy of their own home. For 20 years, privately accredited, locally owned and operated Golden Glow Nursing has provided a range of mobile services throughout the Territory, ensuring comprehensive quality assistance that is client focused and respects the rights and dignity of the individual, their carers and their family.

'As an accredited Aged Care quality agency, National Disability Standards and ISO 9001:2015 we specialise in in-home aged care and nursing, and NDIS in-home disability support,' CEO Joanne Kovac said. 'We assist our clients in building capacity, enabling them to live independently in their own homes, enhancing and improving their quality of life, and helping them often avoid inappropriate residential or hospital care.' With around 100 Registered and Enrolled Nurses and Personal Care Assistants across Darwin and in Darwin River, Katherine, Pine Creek and Alice

Springs, Golden Glow Nursing covers the needs of most Territorians. 'We also have a working relationship with Charles Darwin University, allowing students to work alongside our qualified nursing staff during their community placement,' Joanne said. 'This helps to build and maintain a qualified workforce within the Territory. All our staff are specifically trained to provide safe, efficient, effective and affordable care tailored to the recipient's individual needs and the needs of the family. 'We spend time learning about them and their healthcare requirements, then find a nursing team member who they trust and feel comfortable with.' Golden Glow's skilled and experienced nursing team can also provide short- or long-term support at home after an injury or medical event, or regularly visit to manage an ongoing condition. The convenience of accessing nursing services in your own home will make your life easier and give you peace of mind. **Contact Golden Glow Nursing Darwin, Katherine and Alice Springs Regions Ph: 8927 2756 info@goldenglownursing.com.au**
