

Northern Tile Gallery's colour and design consultants worked my colours, giving me options I never would have dreamed of, and now my new home is perfect.

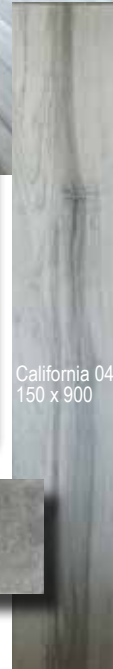

Create a smart, stylish space with a range of shades carefully chosen from the grey palette. When the proud owner of this off-the-plan home in Northcrest wanted their new residence to feel like and reflect the ambience of their favourite hotel, the experts at Northern Tile Gallery knew exactly how to achieve the look. Suggesting a range of greys in different forms, textures, shades and patterns, the team turned regular rooms into stunning bespoke spaces, creating a feeling of luxury throughout and a distinct style. 'Northern Tile Gallery's colour and design consultants worked my colours, giving me options I never would have dreamed of, and now my new home is perfect,' the owner said. **Northern Tile Gallery,** 82 Winnellie Road, Winnellie Ph: 8947 1182 [sales@ntgallery.com](mailto:sales@ntgallery.com) [www.northerntiles.com.au](http://www.northerntiles.com.au)
