'It's been a remarkable year,' said Top Didj owners Petrena and Alex. 'We're so proud of Manuel and the experiences he so openly shares. He is now the face for AAT Kings 2019 Australia brochure.'

The Top Didj Brolga award-winning show promotes a positive experience with aboriginal people and is the ideal addition to school excursions and conference groups.

These reviews sum it up perfectly: *'We thoroughly enjoyed Manuel's talk, his stories and his lovely engaging personality. The boys loved the fire lighting and spear throwing.'* - Brisbane Family

'Our best experience in Australia.' - Kreslavsky Family, Israel.

Top Didj also has a Gallery of quality Aboriginal art and craft with many of the works created on site. 'We stock products from Better World Arts, Injalak and Maningrida Communities and MoResin Jewellery,' Petrena explains. 'If you're looking for something particular or have an artist in mind please contact us as we have lots of other art in stock and we can email or post you further images.' Top Didj Gallery is open by appointment through the wet season (November to April), or check out their new website. There's something for everyone at Top Didj.
