BY NANNETTE HOLLIDAY

*After two years of little or no travel, with borders and the majority of the world now open again, people are making the most of their frequent flyer points, travel credits and savings to book a savoured get-away or reunite with cherished family and friends.*

However, today's travel landscape isn't the same. It's not as straightforward as it used to be.

"Organising travel has changed radically over the past couple of years," says Cola Maurirere, long-time local and General Manager of itravel Darwin.

"Travel regulations are still changing daily, so it's more imperative than ever to use the specialised services of a quality, knowledgeable, experienced and personalised travel agent, like our expert travel creators at itravel Darwin. It helps alleviate many unforeseen situations."

For most people, travel isn't just a holiday, it's a way of life, and itravel Darwin's travel creators are experts in delving deeper. Rather than simply booking your flights, accommodation and tours, they add their first-hand knowledge and know-how to enhance your specific journey.

"Our travel creators are your personal concierge, project manager, dream-maker and problem solver all in one," says Cola.

"Wherever you're planning to travel and whenever you want to go, they use their wealth of knowledge and expertise to carefully design and arrange every minute detail of your trip, leaving nothing to chance.

"Each person's trip is as individual as them. My team has many years of personal experience and intimate knowledge of how our industry works. They'll hand-select the best components to suit each client's needs while ensuring the best value for money. And if something unforeseen happens, we're there looking after you too."

The services of Cola and her bespoke travel creators at itravel Darwin will take your aspirations and find those less-known attractions and destinations while also crafting the best aspects of the well-known landmarks into your magical experience. It's a priceless investment that won't just save you time, money and effort. It'll give you peace of mind, ensuring you can relax and enjoy yourself while away.

"And if you can't get to our office, we'll come to you," says Cola. "We've planned many dream trips in a coffee shop."
